

**Special Golden Trowel® Awards Presented in 1990
at the World of Concrete in Las Vegas**

In concert with the adoption of Face Floor Profile Numbers (“F-Numbers”) by the American Concrete Institute and ASTM International, The Face® Companies launched the Golden Trowel® Award competition at the 1990 World of Concrete.

At the announcement, The Face® Companies presented special Golden Trowel® Awards to three contractors for their outstanding contributions to the development of flatter and more level floors during the decade of the 1980s.
